ICE Range

Multi-Jet Medium Temperature Cabinet with Enhanced Energy Efficiency and Versatility

“Warmer Aisles Happier Customers”
**Multi-Jet Medium Temperature Cabinet with Enhanced Energy Efficiency and Versatility**

**MJPE216 Fish**

**Features**

The MJPE216 Multi-Jet offers greatly reduced energy consumption compared to traditional open-face multi-deck cabinets.

The technically advanced multi-channel and multi-velocity air curtain ensures merchandise is isolated from the ambient store temperature. This ensures product temperatures are at their optimum and shelf-life is extended.

This Multi-Jet design also greatly reduces the amount of cold aisle - “Warmer Aisles Happier Customers”.

**Temperature Class**

3M0

**Benefits**

- Increased sales with optional shelving
- Extended product life with effective refrigeration
- Energy cost reduction through advanced cabinet design
- Temperature compliance
