Multi-Jet Medium Temperature Cabinet with Enhanced
Energy Efficiency and Versatility

“Warmer Aisles Happier Customers”

Multi-Jet Medium Temperature Cabinet with Enhanced Energy Efficiency and Versatility

MJPE216 Produce

Available Lengths (Excluding Ends)

1250mm 1875mm 2500mm 3750mm

Features

The MJPE216 Multi-Jet cabinet offers greatly reduced energy consumption compared to traditional open face multi-deck cabinets.

This Multi-Jet design greatly reduces the amount of cold aisle - "Warmer Aisles Happier Customers".

The technically advanced multi-channel and multi-velocity air curtain ensures merchandise is isolated from the ambient store temperature. This ensures product temperatures are at their optimum and shelf-life is extended.

Temperature Class

3M1 (-1°C to +5°C)

Benefits

- Increased sales through better product presentation
- Extended product life through improved temperature controls
- Energy cost reduction compared with standard cabinets
