Integral In-Aisle Merchandiser for Dairy, Drinks, Produce, Meat, Petfood, Wine

TCI-2

Features

The TC2-I is a medium temperature cabinet which can be used for drinks, petfood, added value, or any impulse buy chilled food.

The narrow width allows it to be installed either on the end of or within a grocery aisle. It is therefore supplied as a stand alone cabinet with an integral condensing unit.

The number of shelves and shelf fronts can be changed depending on display requirements.
